

HP StoreEver 1/8 G2 Tape Autoloader

Automate storage, encrypt data, monitor drive health

Automate your backup with a tape autoloader that provides a choice of LTO Ultrium tape drives, remote management, data encryption, and proactive drive and media health monitoring.

The HP StoreEver 1/8 G2 Tape Autoloader provides a cost-effective, easy-to-install, unattended backup that is ideal for an entry-level or remote office automated backup solution. The HP StoreEver 1/8 G2 autoloader combines incredible storage density and tape library features into a compact 1U form factor. Capable of up to 50 TB of compressed capacity in only a 1U form factor, the autoloader is well equipped to offer room for unpredictable data growth. Web-based remote management offers the capability to quickly and easily access, configure, monitor, and troubleshoot the autoloader that reduces dependencies on local IT staff while allowing multiple sites to be supported centrally. You can protect confidential business information with native encryption, thus making sure that if a tape is lost or stolen your data is protected from unauthorized access. Proactively monitor utilization, operational performance, as well as life and health information for both the drive and media with TapeAssure.

Key features and benefits

Exceptional storage density value

- The StoreEver 1/8 G2 Tape Autoloader packs up to 50 TB of compressed capacity in only a 1U form factor using either an LTO-6 Ultrium 6250 SAS or FC tape drive.

Easy to manage and use

- Each autoloader includes one mail slot, two removable 4-slot magazines for bulk loading of media, and a convenient bulk storage unit for moving media offsite.
- The bar code reader provides faster inventory times and facilitates tracking of media.
- The Web-based remote management feature helps access, configure, monitor, and troubleshoot the StoreEver 1/8 G2 Tape Autoloader.

Full featured

- Allows you to proactively monitor drive and media utilization, operational performance, life, and health information for drive and media with TapeAssure.
- Offers a high level encryption capability with the HP StoreEver 1/8 G2 Encryption Kit. The kit is quickly installed into an LTO-6, LTO-5, or LTO-4 Ultrium autoloader and maintains up to 100 encryption keys to enable data privacy that improves the security of confidential business information for tape cartridges located on or offsite.
- Provides you with everything needed in the box. The StoreEver 1/8 G2 includes HP Data Protector Express Basic backup and recovery software.

Warranty

HP warrants only that the software media will be free of physical defects for a period of 90 days from delivery. For more information about the HP global limited warranty and technical support, visit: hp.com/products/storageworks/warranty

Service and support

HP Factory Express

HP Factory Express is designed to help you get a better return from your IT investment by providing customization, integration, and deployment services along with your storage and server purchases. It provides predictable, trusted, and tested IT solutions tailored to your business needs. We allow you to customize hardware to your exact specifications in the factory—helping to speed up deployment and free up internal resources.

The total package—Software

HP Data Protector Express Basic backup and recovery software

The HP StoreEver 1/8 G2 Tape Autoloaders include HP Data Protector Express Basic backup and recovery software. Data Protector Express Basic is based on HP Data Protector Express software. It is an easy-to-use backup and recovery application that is installed in minutes and includes all the features needed to protect a single machine by backup to an HP tape product. Data Protector Express Basic includes pre-defined and customizable media rotation schemes so you can define when you backup and how long your backups are retained, while easily managing your tape data.

HP Services

HP Technology Services—consultants and support experts to solve your most complex infrastructure problems. Boost availability and avoid downtime with our expert services.

Recommended Services

- **3-Year HP Support Plus 24 Service:** For a higher return on your storage technology, our 3-year combined reactive support service delivers integrated onsite hardware/software support services available 24x7x365, including access to HP technical resources, 4-hour response onsite hardware support, and software updates.
- **HP Autoloader and MSL SCSI/SAS hardware installation:** For smooth startup and better business outcomes, this service provides initial hardware installation of your product into your technology environment (system configuration is not included).
- **HP Proactive Select Service:** For enhanced reactive support, this service offers a menu of selectable proactive services to help you accelerate the ROI of your IT environment and more quickly take advantage of your investment.

Related services

- **HP Backup and Recovery Solution Service for Data Protector:** Helping you to design an architecture that meets your requirements, HP will deploy Data Protector, validate your configuration, and integrate the backup software solution into your existing or new storage infrastructure.
